

Worcester Regional Retirement Board
Request for Proposals
Actuarial Services

The Worcester Regional Retirement Board is seeking proposals from qualified firms or actuaries with experience consulting with public defined benefit pension plans to provide actuarial services consistent with M.G.L. Chapter 32, CMR 840, and GASB standards. Said services will include conducting full actuarial valuations of the System, developing appropriate funding schedules, preparing appropriate GASB reports, and advising the Board regarding matters which may impact the System.

The Board administers the defined benefit pension system serving 100 towns and districts throughout Worcester County. The System has approximately \$725 million in assets and approximately 13,000 active and retired members.

Copies of the RFP may be obtained beginning January 22, 2019 by contacting Rosemary Shaughnessy at: rosemary@wrrboard.org

The Board reserves the right to reject any or all bids.

Responses are due by 12:00 Noon on Friday, February 8, 2019.
